Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Offg. Chief Secretary to Government, Punjab.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, " first aid " invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty, self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	...	...	Rs. 10 per month
All classes below Middle	...	...	„ 5 „
Middle and High	...	...	„ 10 „

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

One month's notice is required for leave of absence or withdrawal; otherwise full fees will be charged.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Offg. Chief Secretary to Government, Punjab.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated 8th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J P THOMPSON,

Offg. Chief Secretary to Government, Punjab.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated* 8*th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Offg. Chief Secretary to Government, Punjab.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The Fund is now of ten years' standidg and as has a balance of over three-and-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries, Imperial Secretariat Buildings, Calcutta.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lesson on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty, self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	...	...	Rs. 10 per month
All classes below Middle	...	...	" 5 "
Middle and High	...	...	" 10 "

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

One month's notice is required for leave of absence or withdrawal; otherwise full fees will be charged.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

I.—This Institution has been established at the desire, and with the assistance, of the Punjab Government, in order to provide a Public Library for the use of all classes in the Province.

II.—The objects of the Institution are—

(a) to provide a Public Library for the use of all classes of the community which shall contain official publications as well as general literature, both Oriental and of other kinds;

(b) to provide a Reading Room which shall be open to the public free of charge.

III.—The Institution seeks to contribute to the intellectual advancement of the country—

(a) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(b) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also " a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public.

V.—A doantion of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

VIII.—The Rules are given below—

I.—CONSTITUTION AND COMMITTEE.

1. The Committee shall consist of not less than 14 members, including the President and Secretary.

2. The Deputy Commissioner of Lahore, the Director of Public Instruction, Punjab, and the Director of Agriculture and Industries, Punjab, shall be *ex-officio* members.

Offg. Sanitary Commissioner, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Offg. Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

PROSPECTUS.

THE Dasara Industrial and Agricultural Exhibition will be opened at Mysore on the 3rd October 1916, and will continue for a period of fifteen days till the 18th October 1916.

The main object of the Exhibition is to encourage the Arts and Industries of the State by presenting a display of the resources, processes of manufacture and products of the State together with similar products turned out in other parts of India. It is proposed to show not only the methods of manufacture generally in vogue but also the improvements that are being introduced with the aid of the Technical Departments of Government as well as the endeavours of the Economic Conference. With a view to obtain a collective idea of the agricultural and industrial resources of each district in the State, it has been decided to request the District Committees to collect and arrange the exhibits from their districts, each in a separate room. Space will also be reserved to such of the Technical Departments of Government who propose to take part in the Exhibition. It is also contemplated to have a large exhibit of Industrial Machinery in motion for which special accommodation has been provided, and supply of power will, if desired, also be arranged for. Owing to the difficulty in arranging for the imports of machinery from abroad, it is hoped that the occasion will be utilised by the local Engineering Firms and an opportunity to place on the market Industrial Machinery made in India.

The Exhibition is open to all India, and it has been decided not to levy any fees for the space allotted except in cases specially provided for in the accompanying rules. For the convenience of visitors and to encourage trade, sale rooms have been set apart in the Exhibition Buildings and permission to put up temporary booths of approved types in the open grounds will be accorded by the Exhibition Committee. A post and a Telegraph Office will be opened at the Exhibition premises from the 15th September 1916 and will continue to be maintained up to 15th of December 1916. Special arrangements have been made with the Railway authorities for the unloading of heavy goods at the siding close to the Exhibition. The concessions granted by the Railway Companies in India are noted in the appendix.

An admission fee of annas two per head will be levied for entry into the Exhibition buildings and season tickets will also be issued at one rupee per head. Return Railway tickets between Bangalore and Mysore at a reduced rate entitling the holder for admission into the Exhibition during the whole period will be arranged for.

The Mysore Exhibition Committee who are responsible for all the arrangements connected with the Exhibition, invite the cordial co-operation of every one interested in the agricultural and industrial development of India in their endeavours to make the Exhibition fruitful of results.

C. RANGANATHA RAO SAHIB,

Secretary, Dasara Exhibition.

SYLLABUS.

The first aim of this section is to bring into touch with each other women, who, having themselves learnt the value of new occupations and interests, are anxious to hand on this knowledge to others. Plain or fancy needle-work, lace making, basket making, knitting, all these are occupations enjoyed by a large number of women and girls in India, but there remain a still larger number who have neither seen nor heard about them. To interest these, it is important to collect for exhibition the best that is done in all branches of women's work, and it is only the best in each section of the work that can be encouraged by the award of medals and prizes.

2. Exhibits which have already won prizes in previous Exhibitions cannot compete. They will be accepted as " Loan exhibits " or exhibited for sale if space permits.

3. *None but genuine women's or children's work will be allowed to compete for prizes in this section.*

With regard to this year's syllabus it was at first suggested that to appeal more strongly to Indian ladies, we should restrict the work to that of Indian use and design ; but since European needle-work is yearly becoming an important source of income to Indian women, we felt the same object might better be served by making the classes more distinct and by increasing the prizes.

It is hoped that the improved standard of last year's work will be maintained, and that Indian ladies will contribute in far greater numbers than heretofore. We should also urge any ladies interested in children's work to make this exhibition known as widely as possible as the number of exhibits sent in by children last year (1914) was most disappointing.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

APPENDIX I.

Proceedings of a meeting of the Board of Accounts held in the Senate Hall, Lahore, on Friday, the 24th March, 1916, at 6-15 P.M.

PRESENT:

Dr. J. C. R. Ewing, C.I.E., *Vice-Chancellor.*
The Hon'ble Mr. J. C. Godley, M.A., C.S.I.
The Hon'ble Mr. Justice Shadi Lal, R.B., M.A., B.C.L., *Bar.-at-Law.*
A. C. Woolner, Esq., M.A., *Registrar.*
P. N. Dutt, Esq., B.A., R.B., *Assistant Registrar.*

1. The Board considered the Budget Estimates for 1916-17.

A. Fees Account.—It was noted that the decrease in the surplus shown for 1915-16 was largely due to the fact that owing to the change of dates part of the cost of conducting the Matriculation Examination of 1916 had been met in that financial year as well as the whole of the cost of the previous examination.

7. *A.—Miscellaneous.—Sale proceeds of Text-Books, etc.*—It was noted that the increase expected is due to the sale of the Matriculation course in Persian. The estimate had been made on the basis of Re. 1 per copy instead of Re. 1-4-0 as previously charged.

3. *A.—University Establishment.*—(*a*) *Registrar and Assistant Registrar.*—An item of Rs. 300 was added by the Board as acting allowance to Mr. Dutt while officiating as Registrar in May and June.

B. Office Establishment.—Khan Sahib Sikandar Khan, Head Clerk, had previously written to the Registrar expressing his intention of retiring on the 1st April 1916. He was, however, now anxious to postpone his retirement for another 12 months. The Registrar recommended that he should be allowed to remain in the office for another six months, *i.e.*, up to October 1916. The Board considered that this might be allowed provided that any continuation after that should be conditional on the result of a medical examination with regard to his fitness for the work of Head Clerk.

C. Law College Account.—The estimate of expenditure as approved by the Law Faculty was included in the Budget for submission to the Syndicate.

E. Miscellaneous.—(*b*) *Vedic and Yunani Lecturers.*—It was noted that in 1915-16 there had been a saving on the Budget allotment. This had been due to delay on the part of the Colleges concerned in submitting schemes for the approval of the Syndicate.

(*e*) *Sports Tournament.*—It was noted that the increase of expenditure in the Revised Budget of 1915-16 was due to a special item sanctioned by the Syndicate and Senate for enclosing the course.

(*f*) *Special Endowed Trust Account.*—It was recommended that the Registrar should invest in Government Promissory Notes any balance exceeding Rs. 200.

2. It was resolved that the Budget Estimates be submitted to the Syndicate.

Confirmed,
J. C. R. EWING,
Vice-Chancellor.

A. C. WOOLNER,
Registrar.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2881-42, dated 6th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

RULES FOR THE GUIDANCE OF JUDGING COMMITTEES OF DISTRICT HORSE FAIRS AND SHOWS.

I.—Only *bona fide* horse-breeders of the districts named will be allowed to compete for the prizes. The Judging Committee will decide as to the eligibility of competitors.

NOTE.—The above does not affect Classes XII and XIII at the Rawalpindi Fair, *i.e.*, mules sold to and branded by Government will also be eligible to compete.

II.—Branded mares proved to be barren, *i.e.*, mares that have not held to Government stallions for the last two years, and branded mares covered before 3 years of age, will not be eligible to compete in any class.

III.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions," unless a certificate to that effect is produced by the exhibitor. The certificates are obtainable from Circle Superintendents.

IV.—Geldings, Class VIII, if by Government stallions out of branded mares may compete in "Class IV or VI" and exhibits in Classes VIII and IX may also compete in "Class X, Remounts," if purchased at the Show for Government, Army or Police purposes.

V.—Intending exhibitors should, on arrival at the Show, apply to the Secretary of the Judging Committee for a ticket, or tickets, as the case may be stating the class in which they propose to compete.

VI.—Each ticket should be worn by the animal as a token of the right to compete.

VII.—When the tickets are given, the Secretary will name the date, hour and place at the Show when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary railed enclosure, should be erected to admit of a careful examination of the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

To facilitate the work of judging, a second ring should be made at all large Fairs, near the Judges' enclosure, where animals of the next class to be judged should be collected so as to be ready for the Judges.

VIII.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

IX.—Prizes for young horse stock referred to in Classes IV, V, VI, VII, VIII and IX are to be awarded only when the exhibitor is the *bona fide* breeder and owner of the animal competing.

X.—No stock of any kind, irrespective of age, will be allowed to take prizes at more than one Show.

XI.—A certificate (*parwana*) will be given to each winner who receives a money prize exceeding Rs. 10 (ten).

XII.—The Deputy Commissioner or Collector of the District will be *ex-officio* President and the Director-General, Army Remount Department, when present at a Horse Show or Fair shall if he so desires, be *ex-officio* Senior Member of the Judging Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; the money not awarded may be devoted to extra prizes in other classes deemed by the Judging Committee to be worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any respect deserving of it. The Judging Committee is also at liberty to reduce the value of the bigger prizes and to add smaller ones, in classes where the numbers competing are large.

XIV.—The system of judging the animals competing is left to the discretion of the Committee; but practical soundness in a horse shall be the *sine quâ non* for taking a prize, and should not merely count equally with other points of merit. Should any branded mares or fillies be affected with any unsoundness which may be considered hereditary, they will be debarred from receiving any prizes.

XV.—To enable a horse to become eligible to compete in the Gelding Class, both testicles must have been excised.

XVI.—The prizes allotted to the "Gelding" class are to be awarded only to stock the property of *bonâ fide* breeders, and which stock have been castrated when in the possession of their present owners.

XVII.—All approved mares and fillies are branded J. S., J. A., or E. I., or G. I. The brand will be found either on the off or near shoulder or on the saddle place.

XVIII.—In case of no remounts being purchased for one branch of the service of the class for which prizes are offered, the prizes for that class will be added to the prizes offered for remounts of the other branch of the service. For instance : if no remounts, over 3 years of age, are bought for the British Service, the prizes will be added to Indian Cavalry remounts over 3 years of age, and *vice versâ*. None but remounts purchased from *bonâ fide* breeders will be allowed to compete in these classes—the Judging Committee to decide whether the owners of the animals competing are *bonâ fide* breeders or not.

XIX.—It has been found that, in districts where private studs are maintained by comparatively rich men, several prizes in the same class are, in many cases, awarded to the same owner ; and consequently the poorer breeders do not receive as many prizes as they otherwise should ; it is therefore ruled that each private stud competing be restricted to only one prize in each class.

XX.—In districts where stallions have been provided by District Boards and Courts of Ward, or are kept by Indian gentlemen, and such stallions have been approved by the officers of the Army Remount Department, prizes shall be awarded from funds subscribed either by District Boards, Provincial, or sources other than Imperial, and that funds be allotted to the following classes :—

Mares in foal to such stallions.
Mares with foals at foot by such stallions.
Young stock by such stallions.

The ages of the latter class are left to the discretion of the Judging Committe, so as to best suit each particular district.

XXI.—The following rule is to be observed in ageing horses and mule stock competing for prizes :—

"Foal" ...	...	Over 6 and under 12 months old.
"Yearling"	...	12 months to under 24 months old.
"Two years old"	...	24 months to under 36 months old, and so on.

XXII.—Subject to the restriction laid down in the Rule XIX above, mares covered and stock got by stallions belonging to Native States should be allowed to compete for prizes at Horse Fairs and Shows, provided they furnish the necessary covering and produce certificates.

XXIII.—The Silver Medal will be awarded to the exhibitor of the best "branded mare or filly" at the show. She must be the property of a *bonâ fide* breeder, and the Judges should consult the Deputy Commissioner, Collector, or Superintendent, Army Remount Department, on this point.

Note.—No mare or filly can win this medal for two consecutive years, though no limit will be made in the number of times she can win it through a series of years.

The Superintendent, Army Remount Department, of the Circle will personally present the medal.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

APPENDIX.

Regulations relating to the Provident fund for the employees of the Punjab Public Library, Lahore.

1. A Provident Fund, to be called the "Punjab Public Library Fund" shall be established on and from the 1st day of January 1916 for the benefit of the servants of the Library.

2. Every servant of the Punjab Public Library shall be required to become a depositor in the said Fund.

3. The subscription to the Fund shall not be more than 10 per cent of the salary of the depositor. Such subscription shall be deducted month by month from the salary of each depositor by the Secretary or other Officer of the Library whose duty it is to pay such salary, and the amount deducted shall be paid into the Bank of Bengal to the credit of the Punjab Public Library. In any case in which the amount of the percentage to be so deducted would be less than one rupee, one rupee shall be so deducted.

4. At the end of each year a sum equal to the aggregate amount subscribed to the fund, or a sum determined by the Committee during such year, shall be contributed to the Fund by the Punjab Public Library and, subject to the conditions contained in the proviso to this regulation, the amount thus contributed by the Committee of the Library shall be apportioned between the several depositors according to the percentage which the amount contributed by the Committee will bear to the amount contributed by each depositor.

Provided that no servant of the Library who shall, in the opinion of the Library Committee, be guilty of dishonesty or other gross misconduct shall be entitled to the benefit of or to receive any part or share in any sums at any time contributed by the Library to the Fund on his account or the accumulated interests or profits thereof and that the Library Committee shall be entitled to recover as the first charge, from the amount for the time being at the credit of any servant a sum equivalent to the amount of any loss or damage at any time sustained by the Library by reason of his dishonesty or negligence.

Provided further that no servant shall be entitled to receive any part or share in any sums contributed by the Library to the Fund unless he has been in the service of the Library for at least twelve months.

5. The Library Committee will pay interest on all sums deposited in the fund at the rate allowed by the Bank of Bengal and the amount of such interest shall be annually placed to the credit of each depositor.

6. The Secretary shall cause to be maintained proper accounts relating to the fund, showing the account for time being at the credit of each depositor, and the general state of the fund, in such form as the Library Committee may, from time to time, prescribe. Each depositor shall be supplied with a Pass Book which shall show the amounts for the time being at credit of the depositor, and which shall be in such form as the Committee may from time to time, prescribe.

7. Subject to the provision of the proviso of Regulation 4 a depositor shall be entitled, upon quitting the service of the Library, to draw out and receive the whole amount standing to his credit in the fund.

Any depositor may register, in the books of the fund, the name of the person to whom he desires that, in the event of his death or of his becoming insane, the amount of his deposit shall be paid.

8. The Library Committee may make advances to depositors in the Provident Fund under the circumstances enumerated hereunder :—

(*i*) When the pecuniary circumstances of a depositor are such that the indulgence is considered necessary, a temporary advance not exceeding three month's pay may be allowed from the sum at his credit at the discretion of the Library Committee. Provided that such an advance shall not be made, unless the depositor has subscribed to the Fund for five years.

(*ii*) The following may be recognised as legitimate occasions for advances :—

(*a*) To pay expenses incurred in connection with the illness of a depositor or of a depositor's parents, wife or children.

(*b*) To pay for the passage of any members of a depositor's family coming from beyond the sea to join him, or requiring to make a journey beyond the sea for some urgent cause.

(*c*) To pay expenses in connection with marriages and funerals.

(*iii*) The capital of such an advance must be repaid by compulsory deductions from pay by equal instalments during the next twelve months that the depositor is on full pay. After the completion of the repayment of the capital, the depositor must in the next month pay the amount of interest at the rate then in force under the Regulation 4, that would have been credited to him if he had not been allowed the advance.

9. The Library Committee may, from time to time, make rules consistent with these regulations for—

(*a*) the conduct of the business of the fund.

(*b*) any matter relating to the fund, or its management or the investments of sums at credit of the fund, or the privileges of depositors not herein expressly provided for, and may add to, vary or cancel any rules so made.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated 8th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

SENATE HALL, LAHORE:
The 25th October 1912.

A. C. WOOLNER,
Registrar, Panjab University.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty, self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	... ...	Rs. 10 per month
All classes below Middle	... ...	" 5 "
Middle and High	... ...	" 10 "

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

One month's notice is required for leave of absence or withdrawal; otherwise full fees will be charged.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

BOARDING HOUSE.

Fees.—Rs. 30. Washing included. Tuition fees extra.

Dress.—Only Indian dress may be worn. For winter at least 4 changes of garments are required; in summer 8. Each girl should bring 3 pairs of sheets and blankets and 6 towels or these can be provided and charged for. In winter 2 thick blankets will be required. Parents are advised not to send valuable jewellery. If English shoes are worn they must have very low heels, or none at all. Boots are not allowed. Twelve handkerchiefs are necessary. 4 pillow-cases.

Furniture.—Bedsteads and all necessary furniture will be provided.

Cooking.—Separate cook-houses are provided for Hindus, Sikhs and Mussalmans. There is a Brahmani cook for the Hindus. Boarders should bring the table-utensils to which they are accustomed, or request the Principal to buy for them such things as are used by Europeans. Four meals are provided during the day. Milk is given twice daily. Extra milk or special diet will be separately charged for.

Recreation.—Physical exercise is taken at various times in the day in the large garden of the College. Tennis, badminton, croquet and other games are played. Those who are not in pardah go for occasional walks and drives.

Games' fee.—Re. 1 a term. Indian shoes or English tennis shoes must be worn on the grass.

Servants.—Sufficient women servants are provided. No private servants are necessary.

Visitors.—No girl will be allowed to leave the premises without the express permission of the parents or guardian, who thereby make themselves responsible for the pupil's safety. Pupils may only see those relatives who bring a letter from the father or guardian. Visiting hours: 4—6 P.M.

Illness.—Medical attendance will be charged for if necessary. All arrangements for care of pupils during sickness will be made by the Principal. There is a small hospital on the premises.

Leave of absence.—Leave of absence will not be given in term time except on very urgent business. Girls who attend weddings or other crowded functions will be isolated for several days on return owing to danger of infection. No reduction made for any absence Leave on Sundays for the day begins at 11 A.M.

Letters.—All letters sent and received will be seen by the Principal. Information may be obtained from the Principal.

Preparatory School for the sons of Chiefs and Raises.

THIS School is situated opposite Queen Mary's College, Lahore.

The teachers, English and Indian, are supplied from the Staff of Queen Mary's College under the supervision of the Principal. An English Lady is resident, and there is also an experienced Indian matron.

The School aims at laying the foundation of a good moral character in the boys, when young, and giving them the first stage of a good modern education including daily practice in talking English.

Age of Boys.—Boys can be admitted at 5 years, and may stay on till the age of 11 if well-behaved. Boys will not be admitted over 8 years of age, except under special circumstances.

I.—This Institution has been established at the desire, and with the assistance, of the Punjab Government, in order to provide a Public Library for the use of all classes in the Province.

II.—The objects of the Institution are—

(a) to provide a Public Library for the use of all classes of the community which shall contain official publications as well as general literature, both Oriental and of other kinds;

(b) to provide a Reading Room which shall be open to the public free of charge.

III.—The Institution seeks to contribute to the intellectual advancement of the country—

(a) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(b) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also " a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library these valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public

V.—A doantion of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

VIII.—The Rules are given below—

I.—CONSTITUTION AND COMMITTEE.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2881-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also " a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated 8th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	... ...	Rs. 10 per month
All classes below Middle	... ...	" 5 "
Middle and High	... ...	" 10 "

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

One month's notice is required for leave of absence or withdrawal; otherwise full fees will be charged.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

BOARDING HOUSE.

Fees.—Rs. 30. Washing included. Tuition fees extra.

Each girl should bring 3 pairs of sheets and blankets and 6 towels, or these can be provided and charged for. In winter 2 thick blankets will be required. Parents are advised not to send valuable jewellery. If English shoes are worn they must have very low heels, or none at all. Boots are not allowed. Twelve handkerchiefs are necessary. 4 pillow-cases.

Furniture.—Bedsteads and all necessary furniture will be provided.

Cooking.—Separate cook-houses are provided for Hindus, Sikhs and Mussalmanis. There is a Brahmani cook for the Hindus. Boarders should bring the table-utensils to which they are accustomed, or request the Principal to buy for them such things as are used by Europeans. Four meals are provided during the day. Milk is given twice daily. Extra milk or special diet will be separately charged for.

Recreation.—Physical exercise is taken at various times in the day in the large garden of the College. Tennis, badminton, croquet and other games are played. Those who are not in pardah go for occasional walks and drives.

Games' fee.—Re. 1 a term. Indian shoes or English tennis shoes must be worn on the grass.

Servants.—Sufficient women servants are provided. No private servants are necessary.

Visitors.—No girl will be allowed to leave the premises without the express permission of the parents or guardian, who thereby make themselves responsible for the pupil's safety. Pupils may only see those relatives who bring a letter from the father or guardian. Visiting hours: 4—6 P.M.

Illness.—Medical attendance will be charged for if necessary. All arrangements for care of pupils during sickness will be made by the Principal. There is a small hospital on the premises.

Leave of absence.—Leave of absence will not be given in term time except on very urgent business. Girls who attend weddings or other crowded functions will be isolated for several days on return owing to danger of infection. No reduction made for any absence Leave on Sundays for the day begins at 11 A.M.

I.—This Institution has been established at the desire, and with the assistance, of the Punjab Government, in order to provide a Public Library for the use of all classes in the Province.

II.—The objects of the Institution are—

(a) to provide a Public Library for the use of all classes of the community which shall contain official publications as well as general literature, both Oriental and of other kinds;

(b) to provide a Reading Room which shall be open to the public free of charge.

III.—The Institution seeks to contribute to the intellectual advancement of the country—

(a) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(b) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also " a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public

V.—A donation of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

VIII.—The Rules are given below—

I.—CONSTITUTION AND COMMITTEE.

1. The Committee shall consist of not less than 14 members, including the President and Secretary.

2. The Deputy Commissioner of Lahore, the Director of Public Instruction, Punjab, and the Director of Agriculture and Industries, Punjab, shall be *ex-officio* members.

Case No. 1 *of* 1916.

PRESENT:

The Hon'ble Mr. SHADI LAL, *Judge.*

THE BHARAT INSURANCE COMPANY, LIMITED, LAHORE, THROUGH LALA KARAM CHAND, VIDYARTHI, MANAGER—*Petitioner*

versus

THE KRISHNA MILL COMPANY, LIMITED, DELHI—*Respondent.*

Petitioner.—By Shaikh Umar Bakhsh, Pleader.

Respondent.—By Rai Sahib Moti Sagar, Pleader.

Order.

UPON reading the affidavit and other documents placed before me I am satisfied that the Krishna Mills Company, Delhi, is unable to pay its debts, and that it should be wound up by the court. In fact, Mr. Moti Sagar for the Company is unable to offer any resistance to the grant of the prayer of the petitioner, and frankly admits that a case for official winding up has been made out.

Accordingly I directed that the Krishna Mills Company, Limited, Delhi, be wound up by the court, and that all subsequent proceedings be had in the District Court, Delhi.

The learned pleaders, on both sides suggest that Rai Sahib Murli Dhar and Lala Kidar Nath be appointed Joint Liquidators, and Lala Harkishen Lal and Lala Basheshar Nath Goela, members of the Advisory Committee. I accept the suggestion and appoint accordingly. The Liquidators should consult the Advisory Committee particularly in respect of the disposal of the machinery and other property of the Company. Their remuneration shall be fixed by the District Judge.

The order of winding up shall be advertised in accordance with the rules of this court.

13th November 1916.

SHADI LAL,
Judge.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, th Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Books for Sale.

THE last list of books for sale at the Punjab University Book Depôt, Lahore, will be found in the Gazette of the 6th October 1916, pages 1524-27.

NOTICE.

AN auction for the right to cultivate the areas shown in the annexed schedule for various periods which in no case exceed four years shall be held by the Conservator of Forests, Punjab, at Khanewal, 11 A.M., on the fifteenth day of January 1917.

The leases for cultivation will be given on the following terms :—

1. The successful bidder (hereinafter called the contractor) shall bid a lump sum for the sole right to cultivate in any chak as shown in the schedule. Portions of chaks will not be leased nor will two or more contractors be allowed to cultivate in any one chak. Any person may, however, bid for more than one chak provided a separate amount is bid for each chak.

2. The contractors will clear the areas shown in the schedule in the year specified. When no area is specified for clearance in any year the contractor may, if the whole area of the chak has not already been cleared, clear a fresh area or he may cultivate in areas previously cleared

3. In addition to the lump sum offered for the right to cultivate the contractor will make the following payments :—

(a) *Occupier's rate.*—This will be assessed by the Irrigation Department in the usual manner and at the rates in force on the Lower Bari Doab Canal. (These are given in Punjab Government Notification No 547-R. I., dated 23rd April 1913, printed on page 304 of the *Punjab Government Gazette* for 25th April 1913.) The Forest Department will pay the amount in full direct to the Irrigation Department as soon as the demand statement is presented to the Divisional Forest Officer. The Divisional Forest Officer will bill the contractor for the amount as assessed by the Irrigation Department and the contractor shall pay this amount within one month of presentation of the bill by the Forest Department. Any additions or remissions granted subsequently by the Irrigation Department will be included in the demand statement for the next crop and will not be adjusted until the occupier's rate for that crop has been recovered.

(b) *Land revenue.*—This will amount to Rs. 2 per acre per harvest. It will be assessed by the Divisional Forest Officer according to the crop measurements made by the Irrigation Department and will be paid by the contractor on or before the 10th January for the kharif and on or before the 10th July for the rabi.

4. The contractor will not be required to pay any sum in respect of malikana, district board cesses or lambardar pachotra.

5. On all areas cleared and sown by the contractor a remission of the whole land revenue will be allowed for the first harvest of the first year.

6. No application for remission or reduction of the land revenue will be entertained by the Forest Department other than provided in clause 5 except in cases where on account of the complete failure of the crop the whole occupier's rate is remitted by the Irrigation Department. In such cases the land revenue, if due, will also be remitted by the Forest Department.

7. The regulation of the water within each chak and the division of it amongst the cultivators will be arranged by the contractor.

8. The contractor shall vacate the chak on or before the date for the last payment of land revenue and will not be entitled to any compensation on the expiry of his lease. The Forest Department in the last year of the lease may start preparing land for forest sowings in the portion of the chak not actually under cultivation before the chak has finally been vacated and the contractor will have no claim to object to such work or to compensation on account of it.

9. The Irrigation Department expect to provide water for kharif cultivation throughout the period and if available for rabi cultivation only for the years 1917-18 to 1918-19 No guarantee can however be given and the Forest Department will accept no responsibility or liability (other than provided in clause 6) for shortage or failure of water.

10. The contractor shall clear the land in such a way that no tree is left unfelled and no stump is left unremoved from the area cleared. Should any tree be required for shade, the contractor will obtain the permission of the Divisional Forest Officer for leaving such trees.

11. The wood or other material collected by the contractor in the course of clearing the land for cultivation, may be sold by the contractor or disposed of in any other way he choses.

12. At any time during the currency of the lease the Conservator of Forests, Punjab, may cancel the lease and dispose of the land as he thinks fit if in his opinion the contractor is not complying with these conditions or should it appear to him that the contractor has failed or will fail to clear and cultivate the areas specified in the schedule, and in the event of the lease being so cancelled the contractor will have no claim to compensation or to the refund of any sum he may have paid in respect of the lease.

13. The contractor shall pay to the Divisional Forest Officer, Multan, immediately at the close of the auction 10 per cent. of the amount of lump sum offered and the balance in full within six weeks of the acceptance of his bid. Should the balance not be paid within the time specified the 10 per cent. already deposited will be forfeited and the lease resold

14. Cultivation will start with the kharif of 1917. The contractor will be placed in possession of his chak as soon as he has paid the lump sum in full.

15. The contractor shall not employ, without previous written consent of the Divisional Forest Officer, any persons who have during the two preceding years cultivated as tenants outside the colony area in the Montgomery or Multan Districts.

16 The Conservator does not bind himself to accept the highest or any bid.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2331-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.

Books for Sale.

THE last list of books for sale at the Punjab University Book Depôt, Lahore, will be found in the Gazette of the 6th October 1916, pages 1524-27.

NOTICE.

AN auction for the right to cultivate the areas shown in the annexed schedule for various periods which in no case exceed four years shall be held by the Conservator of Forests, Punjab, at Khanewal, 11 A.M., on the fifteenth day of January 1917.

The leases for cultivation will be given on the following terms :—

1. The successful bidder (hereinafter called the contractor) shall bid a lump sum for the sole right to cultivate in any chak as shown in the schedule. Portions of chaks will not be leased nor will two or more contractors be allowed to cultivate in any one chak. Any person may, however, bid for more than one chak provided a separate amount is bid for each chak.

2. The contractors will clear the areas shown in the schedule in the year specified. When no area is specified for clearance in any year the contractor may, if the whole area of the chak has not already been cleared, clear a fresh area or he may cultivate in areas previously cleared.

3. In addition to the lump sum offered for the right to cultivate the contractor will make the following payments :—

(a) *Occupier's rate.*—This will be assessed by the Irrigation Department in the usual manner and at the rates in force on the Lower Bari Doab Canal. (These are given in Punjab Government Notification No 547-R. I., dated 23rd April 1913, printed on page 304 of the *Punjab Government Gazette* for 25th April 1913.) The Forest Department will pay the amount in full direct to the Irrigation Department as soon as the demand statement is presented to the Divisional Forest Officer. The Divisional Forest Officer will bill the contractor for the amount as assessed by the Irrigation Department and the contractor shall pay this amount within one month of presentation of the bill by the Forest Department. Any additions or remissions granted subsequently by the Irrigation Department will be included in the demand statement for the next crop and will not be adjusted until the occupier's rate for that crop has been recovered.

(b) *Land revenue.*—This will amount to Rs. 2 per acre per harvest. It will be assessed by the Divisional Forest Officer according to the crop measurements made by the Irrigation Department and will be paid by the contractor on or before the 10th January for the kharif and on or before the 10th July for the rabi.

4. The contractor will not be required to pay any sum in respect of malikana, district board cesses or lambardar pachotra.

5. On all areas cleared and sown by the contractor a remission of the whole land revenue will be allowed for the first harvest of the first year.

6. No application for remission or reduction of the land revenue will be entertained by the Forest Department other than provided in clause 5 except in cases where on account of the complete failure of the crop the whole occupier's rate is remitted by the Irrigation Department. In such cases the land revenue, if due, will also be remitted by the Forest Department.

7. The regulation of the water within each chak and the division of it amongst the cultivators will be arranged by the contractor.

8. The contractor shall vacate the chak on or before the date for the last payment of land revenue and will not be entitled to any compensation on the expiry of his lease. The Forest Department in the last year of the lease may start preparing land for forest sowings in the portion of the chak not actually under cultivation before the chak has finally been vacated and the contractor will have no claim to object to such work or to compensation on account of it.

9. The Irrigation Department expect to provide water for kharif cultivation throughout the period and if available for rabi cultivation only for the years 1917-18 to 1918-19. No guarantee can however be given and the Forest Department will accept no responsibility or liability (other than provided in clause 6) for shortage or failure of water.

10. The contractor shall clear the land in such a way that no tree is left unfelled and no stump is left unremoved from the area cleared. Should any tree be required for shade, the contractor will obtain the permission of the Divisional Forest Officer for leaving such trees.

11. The wood or other material collected by the contractor in the course of clearing the land for cultivation, may be sold by the contractor or disposed of in any other way he choses.

12. At any time during the currency of the lease the Conservator of Forests, Punjab, may cancel the lease and dispose of the land as he thinks fit if in his opinion the contractor is not complying with these conditions or should it appear to him that the contractor has failed or will fail to clear and cultivate the areas specified in the schedule, and in the event of the lease being so cancelled the contractor will have no claim to compensation or to the refund of any sum he may have paid in respect of the lease.

13. The contractor shall pay to the Divisional Forest Officer, Multan, immediately at the close of the auction 10 per cent. of the amount of lump sum offered and the balance in full within six weeks of the acceptance of his bid. Should the balance not be paid within the time specified the 10 per cent. already deposited will be forfeited and the lease resold.

14. Cultivation will start with the kharif of 1917. The contractor will be placed in possession of his chak as soon as he has paid the lump sum in full.

15. The contractor shall not employ, without previous written consent of the Divisional Forest Officer, any persons who have during the two preceding years cultivated as tenants outside the colony area in the Montgomery or Multan Districts.

16. The Conservator does not bind himself to accept the highest or any bid.

H. HENDLEY, COLONEL, I.M.S.,
Sanitary Commissioner, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.

NOTICE.

AN auction for the right to cultivate the areas shown in the annexed schedule for various periods which in no case exceed four years shall be held by the Conservator of Forests, Punjab, at Khanewal, 11 A.M., on the fifteenth day of January 1917.

The leases for cultivation will be given on the following terms :—

1. The successful bidder (hereinafter called the contractor) shall bid a lump sum for the sole right to cultivate in any chak as shown in the schedule. Portions of chaks will not be leased nor will two or more contractors be allowed to cultivate in any one chak. Any person may, however, bid for more than one chak provided a separate amount is bid for each chak.

2. The contractors will clear the areas shown in the schedule in the year specified. When no area is specified for clearance in any year the contractor may, if the whole area of the chak has not already been cleared, clear a fresh area or he may cultivate in areas previously cleared.

3. In addition to the lump sum offered for the right to cultivate the contractor will make the following payments :—

(a) *Occupier's rate.*—This will be assessed by the Irrigation Department in the usual manner and at the rates in force on the Lower Bari Doab Canal. (These are given in Punjab Government Notification No 547-R. I., dated 23rd April 1913, printed on page 304 of the *Punjab Government Gazette* for 25th April 1913.) The Forest Department will pay the amount in full direct to the Irrigation Department as soon as the demand statement is presented to the Divisional Forest Officer. The Divisional Forest Officer will bill the contractor for the amount as assessed by the Irrigation Department and the contractor shall pay this amount within one month of presentation of the bill by the Forest Department. Any additions or remissions granted subsequently by the Irrigation Department will be included in the demand statement for the next crop and will not be adjusted until the occupier's rate for that crop has been recovered.

(b) *Land revenue.*—This will amount to Rs. 2 per acre per harvest. It will be assessed by the Divisional Forest Officer according to the crop measurements made by the Irrigation Department and will be paid by the contractor on or before the 10th January for the kharif and on or before the 10th July for the rabi.

4. The contractor will not be required to pay any sum in respect of malikana, district board cesses or lambardar pachotra.

5. On all areas cleared and sown by the contractor a remission of the whole land revenue will be allowed for the first harvest of the first year.

6. No application for remission or reduction of the land revenue will be entertained by the Forest Department other than provided in clause 5 except in cases where on account of the complete failure of the crop the whole occupier's rate is remitted by the Irrigation Department. In such cases the land revenue, if due, will also be remitted by the Forest Department.

7. The regulation of the water within each chak and the division of it amongst the cultivators will be arranged by the contractor.

8. The contractor shall vacate the chak on or before the date for the last payment of land revenue and will not be entitled to any compensation on the expiry of his lease. The Forest Department in the last year of the lease may start preparing land for forest sowings in the portion of the chak not actually under cultivation before the chak has finally been vacated and the contractor will have no claim to object to such work or to compensation on account of it.

9. The Irrigation Department expect to provide water for kharif cultivation throughout the period and if available for rabi cultivation only for the years 1917-18 to 1918-19. No guarantee can however be given and the Forest Department will accept no responsibility or liability (other than provided in clause 6) for shortage or failure of water.

10. The contractor shall clear the land in such a way that no tree is left unfelled and no stump is left unremoved from the area cleared. Should any tree be required for shade, the contractor will obtain the permission of the Divisional Forest Officer for leaving such trees.

11. The wood or other material collected by the contractor in the course of clearing the land for cultivation, may be sold by the contractor or disposed of in any other way he choses.

12. At any time during the currency of the lease the Conservator of Forests, Punjab, may cancel the lease and dispose of the land as he thinks fit if in his opinion the contractor is not complying with these conditions or should it appear to him that the contractor has failed or will fail to clear and cultivate the areas specified in the schedule, and in the event of the lease being so cancelled the contractor will have no claim to compensation or to the refund of any sum he may have paid in respect of the lease.

13. The contractor shall pay to the Divisional Forest Officer, Multan, immediately at the close of the auction 10 per cent. of the amount of lump sum offered and the balance in full within six weeks of the acceptance of his bid. Should the balance not be paid within the time specified the 10 per cent. already deposited will be forfeited and the lease resold.

14. Cultivation will start with the kharif of 1917. The contractor will be placed in possession of his chak as soon as he has paid the lump sum in full.

15. The contractor shall not employ, without previous written consent of the Divisional Forest Officer, any persons who have during the two preceding years cultivated as tenants outside the colony area in the Montgomery or Multan Districts.

16. The Conservator does not bind himself to accept the highest or any bid.

H. HENDLEY, COLONEL, I.M.S.,
Sanitary Commissioner, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.
